

ENGAGING THE BEST AND THE BRIGHTEST

■ careers

careers

The essential characteristic that sets us apart is our culture. From the beginning, excellence has always mattered and continues to set us apart—in what we do, who we employ and in the incentives that we provide employees.

That commitment to excellence combined with an entrepreneurial spirit defines who we are and why we have been successful in attracting and retaining like-minded people who will one day be the leaders in our firm and in their professions. We employ the best and train them well. If you believe that you have the entrepreneurial skills and ability to provide services of the highest quality, in particularly complex matters, Veris should be your choice.

what we do

Each of our divisions is highly focused on core services and supported by professionals who are leaders in their fields.

- Event Research & Analysis

best of the best

So you want to be a consultant? Our staff come from a variety of backgrounds, but they all share a commitment to technical excellence and an entrepreneurial spirit.

Most have an academic background in accounting or finance. We seek individuals with proven leadership abilities who are well-rounded and dynamic as evidenced by their extracurricular involvement and commitment to service. They strive to be the best in fields where technical aptitude and academic accomplishments are critical. Our consultants also love to be challenged. Team-oriented activities and competitive sports are great preparation for a successful career at Veris.

a bright future

Opportunities abound at Veris. In addition to cutting-edge externship and internship programs, our established recruiting programs at key universities provide outstanding opportunities for bright college students entering the consulting field.

annual externship programs

We believe it is critical for students to get a comprehensive view of consulting from the beginning. In fact, Veris was one of the first firms in the industry to offer rotation-based externships. We are particularly proud to hold our annual externship programs each year, which provide hands-on professional experience to students. During the program, which is geared toward sophomores and juniors, you will spend several days with our firm rotating through our practice areas and getting to know the people and culture of Veris.

To be considered for an externship please apply on our Web site at www.verisconsulting.com/applyonline.

annual internship programs

Veris' internship programs for college juniors and seniors are designed for comprehensive professional development. Your rotation-based program will be technically challenging and will provide a realistic view of our consulting practices. You will be assigned a "mentor" — a staff member whose purpose is to help you get acquainted. You will also have an "advisor" — one of our most senior executives who will get to know you individually and help you grow. You will receive comprehensive orientation and training to prepare you for your summer with Veris.

“ This is an exciting time in your life.
Working at Veris can help you make the most of it.”

careers

Travel is part of the consulting life, and you may accompany Veris team members on some corporate travel as part of your internship.

You will also experience our work-hard, play-hard attitude through exciting programs and activities including:

- Professional development seminars
- Regular mentor and advisor activities
- Weekly sports activities
- Social events and other outings

In consulting, no two days are the same, so the people and culture of an organization matter tremendously. You will get to know us well during the internship, and that will help you learn what you are looking for in a firm. At Veris, the sky is the limit. You can go as far as your talent and passions allow.

Interviews for our summer internships are held on campus each spring and fall. To view our campus schedule, visit www.verisconsulting.com/campusdates. If your school is not currently listed, please apply online at www.verisconsulting.com/applyonline.

college hiring

If it's time for you to explore career options, look for us at your college or university this fall. Our recruiting calendar at www.verisconsulting.com/campusdates lists the many events we host at colleges and universities each season. If we are not planning to visit your college or university, please contact us directly. Each season, new hires begin their careers at Veris as consultants or research analysts. Opportunities abound in each of our departments for soon-to-be graduates of undergraduate or master's programs.

FORENSICS

Accounting or Finance majors

OUTSOURCING

Accounting or Finance majors

SURVEY RESEARCH

Economics, Quantitative Finance, Math,
Computer Science or other majors
