

When you have an experienced interim CFO or outsourced CFO by your side, you get a lot more than better control of your organization's finances. You get an objective collaborator, expert strategist, skilled tactician and someone you can count on for rock-solid ideas to take you to the next level of success.

Veris offers a full range of CFO and financial management services including:

- Financial assessments and actionable recommendations to improve your financial operations and efficiency
- Financial forecasting and budgeting
- Preparation and presentation of financial reports to executive committees and boards of directors
- Special project services, including transaction due diligence, investment analysis and financial projections

***Get expert financial solutions when and how you need them most.***

Our CFO services provide solutions to your organization's needs in a flexible manner:

- Veris Interim CFOs fill the gap between permanent CFOs while you search for a full time solution
- Veris outsourced CFOs work on an as-needed basis to tackle your most pressing and strategic issues
- Veris virtual CFOs work with you no matter where you are located
- Our services are completely customizable to meet your needs

Veris is your first step toward restoring your organizations financial health. We understand that surface issues may not be symptoms of the real problem. Our experts will assess the situation, form a plan of action and make the tough decisions. The advice you receive will be honest, objective, and completely confidential.

Veris has the capacity to handle all of your accounting and financial management needs. We will evaluate the costs and benefits of outsourcing these needs for your organization. As part of that evaluation, we will analyze your current accounting and financial reporting operations and identify the potential for cost-effective outsourcing alternatives.
